

Pain and Symptom Management/ Palliative Care Professional Day

The BC Cancer Agency's Pain and Symptom Management/Palliative Care Teams invite you to join us for our annual Professional Education Day. Strengthen your supportive/palliative care skills and knowledge, and enhance cancer care for your patients and their families. This session takes place at the Westin Bayshore Hotel in Vancouver on Thursday, November 25.

The Pain and Symptom Management Professional Day is part of the BC Cancer Agency's Annual Cancer Conference also being held at the Westin Bayshore, November 25-27. The theme for the day is Interdisciplinary Supportive Care in keeping with the conference theme of Interdisciplinary Cancer Control for the 21st Century.

- Learn about the new GPAC Palliative Care Guidelines
- Symptom Management including constipation
- Clinical and Ethical issues around Artificial Nutrition
- Experience of patients transitioning
